

Switching capacity: 10 kW, extendable

EOS Compact DP (dry Finnish sauna)

Control unit for the dry (Finnish) sauna. Modern, stylish design with slim depth housing. Large 3.5" TFT colour display. Simple, intuitive operation thanks to multifunctional buttons. Very large scope of functions. With holiday home mode, operation lock, display for remaining time, output for cabin light and fan, heating time limitation up to 6 h / 12 h / 18 h / unlimited. 4 user profiles.

Switching capacity: 10 kW, may be extended for connection of more powerful heaters (e.g. with LSG 10). Incl. temperature sensor.

Power supply:	400 V 3N AC 50 Hz
Dimensions HWD:	220 x 255 x 65 mm
Installation:	surface or semi-recessed
Colour / Item no.:	arctic white 94 7427 / anthracite 94 7431

Switching capacity: 9 kW, extendable

EOS EmoTec D (dry Finnish sauna)

Premium class digital control unit. With separate slim-size display panel (can be installed at up to 100 m distance, flush-mounting or surface installation). Modern TFT colour display with menu navigation in 19 languages. Innovative operation via a jog-dial knob.

Large scope of advanced functions. Dimmable cabin light output. Adjustable fan output. 24 h pre-set timer and extended week timer. Heating time limitation 6 h / 12 h / unlimited. Holiday home mode and display lock per pin code. Pin code protected service level for setup and fine tuning. Volt-free output. Optional 2nd temperature sensor (bench sensor). Coloured light and sound control via optional modules.

Power supply :	400 V 3N AC 50 Hz	
Display panel HWD:	127 x 130 x 25 mm	
Relay box HWD:	270 x 300 x 100 mm	
Colour / Item no.:	anthracite/silver	94 5559
	white/silver	94 6053
	anthracite/black	94 7256

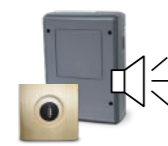

Extension modules for EOS EmoTec series

SBM-Remote start module

SBM-GLT-KNX/Modbus Modul

SBM-S BT Sound module

SBM-FL75/150 Coloured light module

SBM-App module

SBM-App module allows to control a sauna remotely from a smartphone or tablet-PC with the „EOS Spa Control“ app from any place worldwide (internet access required). Suitable for Android and Apple iOS. No separate power supply needed.

Delivery does not include a smartphone or a tablet pc!

EOS Compact HP (dry and humid sauna)

Control unit for dry and humid sauna operation for heaters with vaporizer. Like EOS Compact DP, but additionally with humidity control (on time basis without humidity sensors). Humidity adjustable in 10 steps.

Switching capacity: 10 kW (Output vaporizer: up to 3 kW), may be extended for connection of more powerful heaters (e.g. with LSG 10). Incl. Temperature sensor.

Power supply:	400 V 3N AC 50 Hz
Dimensions HWD :	220 x 255 x 65 mm
Installation:	surface or semi-recessed
Colour / Item no.:	arctic white 94 7428 / anthracite 94 7432

EOS EmoTec H (dry and humid sauna)

As EOS EmoTec D model, but additionally with humidity control - either on time-proportional basis (for constant steam production per given time) or with an optional humidity sensor as per relative air humidity (allows exact humidity setting per rel. air humidity in %). Output for vaporizer up to 3 kW. With water shortage detection.

Quick selection between dry or humid sauna operation modes. With many additional convenience features: sauna dry program after humid mode, adjustable after-heating temperature, fan speed and time. Adjustable time for refilling the water tank by water shortage. Smart-Heat functions heats up the sauna faster and prevents premature steam production.

Power supply :	400 V 3N AC 50 Hz	
Display panel HWD:	127 x 130 x 25 mm	
Relay box HWD:	270 x 300 x 100 mm	
Colour / Item no.:	anthracite/silver	94 5560
	white/silver	94 6054
	anthracite/black	94 7257

Sauna heaters
and controls
for small and medium-sized sauna cabins

Made in Germany

Just relax

Take a bath in comforting warmth. Surround your body with gentle herbal steam and let your spirit inhale its mild aromas. Taking a sophisticated sauna is not a short-lived trend but part of a life philosophy that enhances the body's ability to stay healthy and well-balanced.

For decades, EOS has been designing its sauna equipment with the individual desires of sauna enthusiasts in mind. Regardless of whether it is the classic Finnish sauna, the theme sauna, the herbal or the soft steam bath: We know what kind of demands the modern sauna must meet. Therefore, it is not surprising that EOS is Europe's leader in the commercial as well as in the private sector, when it comes to innovation, design and quality.

Rely on the competence of the premium-market leader.

EOS ThermoTec W Wall-mounting heater

Sauna heater for a dry Finnish sauna. EOS ThermoTec W features a classic, timeless design with a die-cast aluminium top and an outer shell with a scratch-resistant anthracite pearl effect finish.

The proven corrosion-resistant construction delivers many years of reliable service. The perfectly balanced rock store ensures continuously stable air convection and high temperature reserves for authentic water splashes.

Rock store fits approx. 18 kg sauna stones.
Suitable cover protection rail type 1.

Power supply: 400 V 3N AC
Dimensions HWD: 600 x 375 x 380 mm
Outer shell: anthracite pearl effect finish

Power	Sauna cabin	Item No.
6,0 kW	6 - 8 m ³	94 5688
7,5 kW	7 - 10 m ³	94 5689
9,0 kW	9 - 14 m ³	94 5690

EOS Cubo Floor-standing heater

Stylish sauna heater in modern cubistic design with brushed stainless steel top and outer shell in anthracite pearl effect finish. Suitable for private and commercial use.

Floor-standing, space-saving design – only 40 x 39 cm footprint, flat rear side with recessed terminal box, thanks to the optional rear side cover panel ideal for installation in front of glass panels. Robust stainless steel construction.

Rock store fits approx. 25 kg sauna stones.
Suitable cover protection guard type 1.
7,5 kW and 9 kW available as a single-phase version.

Also available as **Cubo Avantgarde** with stylish matt black finish or as **Cubo+** (same dimensions as Bi-O Cubo) with extra large 40 kg stone volume for powerful water splashes.

Power supply: 400 V 3N AC
Dimensions HWD: 720 x 400 x 385 mm
Outer shell: anthracite pearl effect or matt black finish

Power	Sauna cabin	Item No.
7,5 kW	7 - 10 m ³	94 5073
9,0 kW	9 - 14 m ³	94 5074
10,5 kW	12 - 16 m ³	94 6592
12,0 kW	14 - 18 m ³	94 5075

EOS BlackRock Floor-standing heater

High-performance floor-standing sauna heater for sauna cabins up to approx. 30 m³. Uniform appearance on all sides. No rear side, no protruding terminal box.

High-contrast design with side panels with anthracite finish and corners made of polished stainless steel. Top cover of polished stainless steel. Also available as „Black Line Edition“ with all sides and top with stylish matt black finish.

Rock store fits approx. 40 kg sauna stones.
Suitable cover protection guard type 4.

Power supply: 400 V 3N AC
Dimensions HWD: 830 x 555 x 555 mm
Outer shell: stainless steel, side panels with anthracite finish or all sides and top with stylish matt black finish

Power	Sauna cabin	Item no. anthracite / black
12,0 kW	14 - 18 m ³	94 7140 / 94 7312
